Mr. Murken,

We will look more into this on our side and see if we can find a technical issue.

Best Regards,
Corporate Support Agent | Celsius

On the website, I am unable to change any of my holdings from the Earn program to the custody program. I am not an accredited investor, and want to keep everything in the custody program.

I have tried to make the request on your website, on multiple different browsers on several different days, but no luck. Can you check if there is some technical reason that I am unable to make the change?
